Curt and Brenda, Wanted to tell you both how satisfied we are with your work on the sale of our cabin at White Rock Estates. We loved the national and local exposure in advertising that you did for us as we were trying to hit a very narrow niche in the recreational market. We bonded immediately with the Taylors and were so glad that they were the purchasers with their enthusiasm and excitement for the work we had done and especially the work we accomplished to attain the view from our deck. I would hope that our paths with you will cross again. Thanks again to both of you. Stan and Nancy
